February 16, 2026

To whom it may concern,

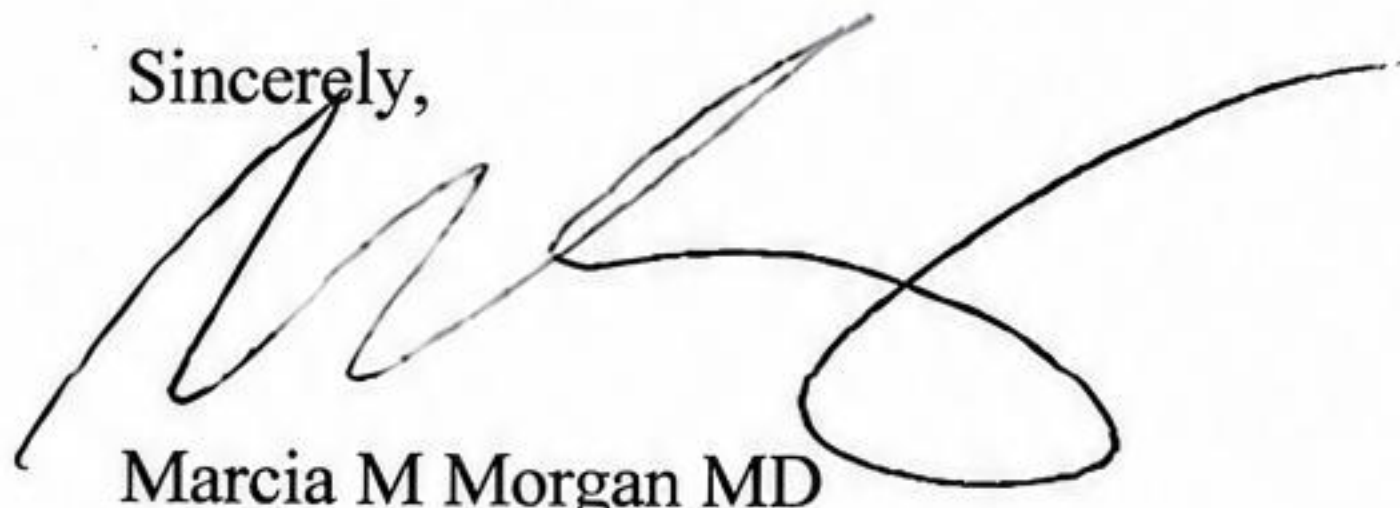

Re: Chimain Jackson

The patient's absence is physician advised due to illness. This certifies that she has been under our care. She is undergoing treatment for symptoms of post traumatic stress and post COVID19 symptoms. She also has headaches with numbness and tingling radiating to the arms from Cervical spine disc disease and osteoarthritis. She has to avoid lifting and carrying above 5 pounds, and she is currently undergoing physical therapy.

Please excuse Chimain from work for the following dates:

until April 24, 2027.

Sincerely,

A handwritten signature in black ink, appearing to be 'M. Morgan', with a large, sweeping loop at the end.

Marcia M Morgan MD
